21.4 SCHEDULE OF WATER CROSSINGS

21.4.1 Introduction

1. This appendix provides a summary of the current licensed abstractions and discharge consents within the study area of the onshore electrical transmission works of the proposed East Anglia THREE project. The data are presented as follows:
 - Licensed groundwater abstractions within 500m of the onshore electrical transmission works;
 - Licensed surface water abstractions within 500m of the onshore electrical transmission works; and
 - Discharge consents within 1000m of the onshore electrical transmission works.
2. The data in *Tables 21.4.1 to Table 21.4.3* were provided by the Environment Agency in 2015, no flow rates were provided for any of the locations listed below. Consultation with the local authorities has confirmed that they do not hold any records for abstractions that are not licensed by the Environment Agency (i.e. those <math><20\text{ m}^3/\text{day}</math> abstraction).

21.4.2 Groundwater Abstractions
