

Note:
This drawing shows a generic turbine elevation with an external transformer for illustrative purposes only. The final turbine model will be selected prior to construction.

Deployment of maximum rotor diameter of 155m would result in a hub height of 122.5m

Indicative transformer dimensions are:
4.5m long x 3m wide x 2.5 m high.

Recommended turbine colour is:
International colour Reference RAL 7035

Do not scale this drawing.
